Wirefree Alarms

GTi The best Wirefree Protection
for your Home

GTi
From Network
Security Solutions

Quick to install, **Easy** to configure, **Simple** to maintain. ▶▶ In a word, **GTi**.

GardTec's GTi Wirefree Security System is simplicity itself. Set up is friendly and uncomplicated thanks to its unique installation tools and simple programming logic. GTi ensures that everything is up and running in no time at all, every time.

GTi is also the most reliable system in its field. Requiring minimal maintenance and servicing, it leaves you free to attend to your next customer.

Get into Wirefree with GTi – and get real value for your money.
